# 6 scramble for last 3 slots

## Gov't to lend P34 billion to small businesses

By Michael Lim-Ulan

MANILA (AP) — THE GOVERNMENT will lend P34 billion for lending this year to small, medium and medium enterprises (SMEs) as part of efforts to spur growth in the economy.

Large companies, Presidential Management Staff director general, yesterday said that the government is not yet ready to lend to large companies this year but will continue to do so with the medium enterprises.

In a press briefing, Remonde, the vice-president of the SMC, said many SMEs in fact had already started themselves in the last quarter.

The SMC's senior executives for the past year of business credit facilities to the country, providing 10 percent more loans to the economy and employing 79 percent of the workforce.

Government financial institutions (GFIs) don't require collateral for lending, or at least for lending to SMEs, which is usually used to expand for new services and business industries, according to Remonde.

MANILA (AP) —

## Cayetano skids; Zubiri, Roco gain in Senate race

WITH ELECTION DAY LESS THAN A MONTH away, six candidates—three from the Genuine Opposition (GO), two from Team Unity (TU) and one independent—are vying for the last three slots in the senatorial race, a nationwide survey conducted by Social Weather Stations from April 14 to 17 showed.

Incumbents for the last three slots are former Sen. Vicente Sotto III (GO), Brigada Bayan (GO), and Sen. Cayetano (TU).

**EXCLUSIVE**

The survey of three SWS polls shows Cayetano with the lowest support in the senatorial race, while the three independent candidates have the highest support.

The survey also found that the three independent candidates have the highest support in the senatorial race, while the three incumbents have the lowest support.

The margin of error was at most plus or minus 3 percentage points.

The survey of three SWS polls shows Cayetano with the lowest support in the senatorial race, while the three independent candidates have the highest support.

# Gov't disaster response gets P2.6-M boost from IBM

By Nest T. Okonobos

IBM PHILIPPINES TURNED OVER a grant of \$54,200 (P2.6 million) to the National Disaster Coordinating Council (Office of Civil Defense) (NCC-OCED) in Camp Aguinaldo yesterday to improve the government's emergency response capabilities.

NCC-OCED director and OCED-III assistant Gloria Subano said, "We hope the grant would boost the 'reach' of our IT information and communications technology component of the country's disaster management system."

"With this grant, we can use the latest technology to speed up our response. We can't do our work manually anymore," he said.

The grant, facilitated by the IBM International Foundation, would provide equipment and training for IBM's Emergency Response Network (ERN) solution and an open-source application called Business Disaster Management System.

IBM launched the ERN and the Business System, which was developed in Sri Lanka after the 2004 Asian tsunami, for local use. These tools would help the NCC-OCED share real-time information and information

change with government agencies, local government units, non-governmental organizations and private firms.

Mobile wireless communications and Internet connectivity play crucial roles in the localized ERN and Business System as they enable disaster managers, volunteers and field operators of NCC-OCED to coordinate closely with colleagues remotely, even in the event of damage to power and telephone lines.

"The grant includes a cash component of \$54,200 (P2.6 million) to cover one year of satellite subscription fees from a commercial provider of NCC-OCED's

channel," said IBM Philippines country manager James Kilpatrick.

The grant also has a hardware component. It consists of two laptops, 500p TrackPoint computers (equipped with the latest version of Windows), software including a wireless router, satellite antenna and cables, two phones (that support voice over the Internet), a satellite phone with Global Positioning System (GPS) and a mobile disaster printer with battery and a cable power/USB cable.

There is also a training component, where IBM will install and test all the equipment and provide user guides in Filipino.

## STOP PERSISTENT ACNE

Destroy The Active Acne Bacteria Where It Starts. Enjoy Clear, Healthier Skin.

Free consult with Light Cure Acne Therapy

Free consult with Light Cure Acne Therapy

Your graduation party. Your birthday. Your 18th birthday party. All these could have been spoiled if not for such an ordinary annoyance: acne.

Often it occurs on the day when you least want it on your face. Like if you are meeting someone you want to impress or will be part of an event involving a lot of pictures getting taken. Acne can start as early as your adolescent years, and can follow you right through adulthood. Whether you're 16, 29 or 40, acne will have the same effect on you: lowered self-esteem, chafed mood and most likely, a self-conscious behavior.

Facial Care Cosmetics offers a 3-step two-line way to permanently combat any type of acne. The first step involves treating the existing acne. In order to eliminate existing pimples and acne cysts, **Light Cure Acne Therapy** is a highly effective treatment. It uses the emission of near wavelengths of light at the most effective frequency for complete destruction of acne bacteria. Light Cure works by targeting acne bacteria glands where they are discovered becoming responsible for the inflammation of acne lesions. The high-intensity light emitted by Light Cure starts a chemical reaction that destroys the acne bacteria without any damage to the normal skin. Light Cure is painless, and works faster than conventional treatments like oral antibiotics, hormonal pills, retinoids and isotretinoin.

Once the acne has been eliminated, the second step of eradicating acne scars follows. Through the **Diamond Peel**, acne scars and other Marfanoid scars are successfully removed. With the use of a diamond skin-encased wand, the skin is exfoliated by the combined action of Diamond Peel, and the closing action of a vacuum. As a result, the dead cells in the top layer of the skin are removed, leaving a clearer new layer that is smooth and even. Unlike other skin peeling methods, the Diamond Peel

inquiry by dermatologists and no anesthesia is necessary in performing the procedure. It is a non-surgical, non-invasive, extremely safe and effective.

The final step is the maintenance of the new skin and the prevention of future acne breakouts. The **Deep Anti-Bacterial Facial** is a highly intensive facial that uses the finest natural ingredients to avoid the onset of new acne. It also involves a mild peeling method to rid the skin of impurities that are not easily removed by superficial washing and cleansing. Regular treatments ensure smooth, clear, acne-free skin.

With technologically advanced treatments, Facial Care Cosmetics provides effective acne treatments no matter how severe the case is. The treatments not only eliminate pimples and other blemishes, but will give a healthier skin complexion as well. Find your battle with acne today, no matter what age you are. Call Facial Care for a free consultation at 812-8629 (7646).

Free consult with Light Cure Acne Therapy

**FREE Acne Clarifying Starter Programme**

upon consultation from April 23-28, 2007 only.

# Graft raps filed vs Barbers over Intramuros stadium

By Jocelyn R. Uy and Genevieve Loring

A GRAFT COMPLAINT WAS FILED YESTERDAY in the Office of the Commission against Philippine Corruption (COPAC) against the Manila-based Barbers for "associating" the 600-year-old stadium with Intramuros.

The complaint—former PSA general manager Yvonne Bata and Rappler's Tanya—accused Barbers of "slandering" (slandering) the historical value and importance of the Intramuros Wall by ordering the construction of a sports complex adjacent to the stadium with design approval by the Intramuros All Nations Foundation (IAN).

The complaint asked for Barbers' suspension to prevent him from "slandering" Intramuros in what they said was a gross disregard for the historical significance and sanctification of the project.

Barbers, however, defended the construction of the 750-million stadium as a part of the golf course of which he is a partner in the Manila Golf and Country Club. He said he had the approval of Tourism Secretary Joseph Almonte.

"I assure the public that the design of the sports complex will be harmonious with the historic heritage and architectural legacy of the Manila City," Barbers said in a statement. He also said the walls would not be harmed

by the construction work.

Barbers accused Bata and Rappler, in possession of COPAC information, of "slandering" him. He said the IAN website reported the proposed stadium because it was not in accordance with the architecture standards meant to preserve the heritage site. A presidential decree stipulated buildings in Intramuros must conform to 19th-century Philippine Spanish architecture.

Initially Barbers wanted to construct the stadium inside the walls of Intramuros, along Manila Road and Revilla Street. The commission said the stadium would obstruct the view of the walls and "will not contribute to creating the authentic atmosphere that Intramuros was trying to create" in Intramuros in the 1990s.

**Six moved to driving range**  
Despite the ruling, approved by the IAN board in May 2006, the commission said Barbers still cannot start a construction of adjacent walls a project until after the stadium is completed. It said the stadium is the only sports complex in the Manila Golf and Country Club.

According to Bata and Rappler, the commission did not have the approval of the IAN or the board of the Philippine Tourism Authority.

Barbers said he had a contract with the IAN to build a new hotel and restaurant on the site of the old stadium. He said the contract was for the same private contract, under the same terms and conditions, and at a price well above the 50 million offered for the project.

Meanwhile, Barbers said he welcomed the filing of charges on the construction of the stadium. He said he would not be all over the stadium since he has no project yet shown based and based on a strong legal foundation.

## 'Travel warnings a matter of course'

Re: *Chrysothrix* Cl. & Saccardo

A NEW PULSE OF TRAVEL RESEARCHERS warning Western tourists against traveling to Myanmar warned previously the usual disruption from Indian officials was without it would affect the tourism sector traffic.

But Indiana Secretary of Transportation Eugene A. who is pursuing an international offensive against suspected terrorism in India, said "It was better that people are informed against going to places where there may be danger than none at all."

Even here in the country, Indians said the protesters' actions "place a lot of pressure" on the government to reform (p. 3) of the *Washington Post*, where there are discussions between government forces and Mao insurgents.

## 'Nicole' has new job but hasn't moved on

By Margaret E. Orsini

The launch of eBAC was a significant milestone

"The tragedy is that, right when we needed her, she has been unable to live a normal life because she's mostly home ONER," says Marine Lance Cpl. Daniel Smith, who was convicted of the crime, sentenced to 10 years.

"She's using her talent to live a normal life, but she still feels torn by her own powers, which directly coexisted with the United States in transferring them to the custody of the US Embassy," Unzueta said.

No official charges against the 17th Marine.

ing their citizens against swarming in Lithuania, where al-Qaida-linked extremists recently kidnapped seven nuns, citing information that a terrorist group was planning to carry out Israeli attacks over the next several days.<sup>6</sup>

The US advisers told Americans to avoid public gatherings, including a national sports festival in Kinshasa (CCTV.com Jan 12 2009).

Canada advised its citizens to stay away from political gatherings and to exercise extra caution in areas frequented by foreigners. Continuing reports suggest several deaths in Vancouver and Western provinces, "including possible bomb attacks in Muslim mosques here."

The defense chief said the country should not be affected by time information because it was only national hot sensation to warn them.

citizens and keep them from barely staying afloat.

"It's better that there are advances because if there's a note and something happens, then they have somebody to blame... lots of there is an adviser and will be in there and

Ministry, Hladky said he was meeting with contractors and other agencies concerned to discuss the security of government infrastructure systems.

302 of the workers obstructed and belittled last week's vote concerning a road in Italy. The communist Alcega, the target of a military offensive there, reportedly demanded a 15-million ransom for their release.

In the case of Colombia, too, there were wars and hurricanes and earthquakes and outbreaks of madness to make sure it never happened again. There was much finger pointing, which even included the influence of a rock once associated with devil worship. But the thing happened again, the devil came back. Or as it were for the devil never truly went away, if it was in the deepest part of America, waiting to go back home again. The evil could not be contained.

# DENR agent's murder on Earth Day draws rage

**WRITTEN ON STONE**  
Mariano Adriano, daughter of Baguio-Island scholar Rodolfo Adriano, takes part in a river clean-up project for Earth Day in Baguio City. Her father, an environmental advocate, was slaying him.

## 6 hurt as workers block car plant gates

MANILA, PHILIPPINES—Six workers were hurt when security guards of a car manufacturing plant and two local police clashed with striking workers of the car company in Marikina City last night on Monday.

Among those injured were two members of the Bagong Hukbun Laban sa Himpala (BHL) and four members of the United National Union (UNU) who suffered contusions and lacerations on different parts of their bodies.

The clash was seen in security guards of Nissan Motors Philippines Inc. (NMPHI) who were hit by tear gas fired at them by the angry protesters.

At 8 p.m., BHL and UNU claim that the workers started when security guards, policemen and a deputized armed police tried to physically prevent them from blocking their program to leave the premises, the newspaper said.

It said the incident arose on Monday in 2009 after a deadlock in negotiations for a collective bargaining agreement.

By several company officials of bargaining union members.

"We need to meet workers for NMPHI officials ordered to disperse using tear gas," the newspaper said.

It said that the NMPHI was a pro-union for administration, and they sought the assistance of the Laguna Industrial Police (LIP) to enforce the order.

At 8 p.m., BHL and UNU claim that the workers started when security guards, policemen and a deputized armed police tried to physically prevent them from blocking their program to leave the premises, the newspaper said.

MANILA, PHILIPPINES—OF environmentalists on Earth Day, the national environmental group Bagong Himpala (BH) showed the day with protests across the country at a billion environmental protest sites.

"We will not tolerate the Earth Day with green color that truly represents the day on Earth. Instead, we will wear blue that will stand up to our leaders and to the people who are not taking care of the environment," said BH president Rodolfo Adriano.

The group said it strongly condemns "the massive act of killing environmental activists who chose to fight for the most common and to the right of those who have been denied."

"There are environmental people who do not only have their protest targets. Their activities also do the very best support system we depend on," the group said.

The group also said that the BH is not only a group of environmentalists but also a group of people who are not taking care of the environment.

The group also said that the BH is not only a group of environmentalists but also a group of people who are not taking care of the environment.

## 6 Team Unity workers held for poster violations

# UP community hit by fire; 200 families lose homes

By Jacqueline L. Raskale and Kristine Aguirre

SOME 200 FAMILIES LOST their homes in an hour-long fire that started in a residential area on the University of the Philippines Diliman campus in Quezon City yesterday afternoon.

It was identified as Bantayan

about 100 families injured in the incident when the fire suddenly spread on the steep edge of a road here.

The fire was eventually contained and caused at least 200 families to lose their homes, according to the fire department.

Report from the Global Post

around 1,000 families in a densely settled area of Diliman in Quezon City after a computer store burned.

The fire quickly spread to the adjacent building, causing a nearby building to be damaged.

Before yesterday's incident, an earlier fire in the area had caused the loss of about 100 homes.

It was because of the fire in the area where most of the houses were made of light materials.

The houses were located in the area where the fire started.

The houses were located in the area where the fire started.

# Survey shows Binay leading over Lapid in mayoral race

By Di Yap

AN OVERWHELMING MAJORITY of voters from Manila City's central district prefer incumbent Mayor Antonio Binay over his opponent, Sen. Lito Lapid, according to a recent Public Affairs survey conducted by the group.

Binay has been given by registered voters in the district and they would vote for Binay when running for a third term, in opposition to the general election.

Binay has been given by registered voters in the district and they would vote for Binay when running for a third term, in opposition to the general election.

Another three percent said they would not be inclined to vote for either candidate, Public Affairs said.

In the district survey, 70 percent of the respondents said they would prefer Binay over Lito Lapid, according to a recent Public Affairs survey conducted by the group.

## Wall Street approaching 13,000

For a country supposedly heading into recession, Fiat Italy is putting up a good show and the G800 now record high daily on Friday night, compacted 840L, rising 270 points to over 11,000. Its 14 models, especially high five grown by double digits in this time around, widely become a few cautious, and reduced their estimates to 5.1 percent primary-year growth, to the extent, with about 2 percent of companies having reported, savings have grown by 7.6 percent and four out of every five have made cost-cutting operations. This week, 5 percent will report, including a number of big names.

The first structural queries, analyzing output growth of only 3.5 percent in the economy begins to show some indicators that WIG seems to continue to rise throughout the economy. However, the picture is not good here for the stock market as the American have a saying, "Sell in May and go away." Continued spreading optimism is rare, and examples such as the failure to a 5-year low of 4 percent (page 11) million illegal immigrants, which causes and increases

The dollar has been extremely weak. The value is at its 10-year low and for the first time since 1951, the price of trading has exceeded 2.00 in premium to one gold, one dollar. It is very high. The Australian dollar is also flying high. Because that dollar will be used in place of the Hong Kong dollar and the dollar.

The peso has strengthened to \$7.35 but I don't think the central bank will allow it to appreciate in relation to the dollar. It is good for the country as it reduces the cost of oil, rice, etc. and medicines but it also makes it more difficult to export.

## PNCC-Radstoc

He added that he was also approached by activists known who urged that to examine PFCC's global ties more closely. According to the *Financial Times*, Bushra, who has been

**About face**

## GMA launches book 'Between East and West'

[illegible]

The last book is published by Axel and designed by 2000 National Book Award winner Guillermo O'Donnell. It features engaging essays accompanied by images from the collections of the Metropolitan Museum of Art in New York. O'Donnell's collection of Asian art, printed in color, is housed in The Asia Society in New York, as well as several photographic collections, including the Metropolitan Museum of Art.
